

Mot

The medium-sized motorized screen.

With a neutral looking matt white box, it perfectly fits medium and large-sized halls and rooms. It can be assembled with a wide choice of PVC fabrics, for both front and retro-projection.

The fabrics can be completely white or with black borders, in all formats and sizes up to 450 cm base, also customized.

It is very quiet thanks to the silencing systems and the new generation motors. It comes with side closing end plates and an electric diverter for the connection.

With the quick&safe system, it can be hung on a rear wall, from the ceiling or from a front beam very easily.

Technical details

Screen characteristics

- 100% aluminium mechanics
- quiet functioning
- electric diverter included
- wide range of fabrics and sizes
- quick&safe mounting system
- coordinated side end plates
- customized sizes

Available fabrics

- White Ice
- Home Vision
- Grey High Contrast
- Coral retro-projection
- Microperforated
